Amanda Orlando

Guys, members are reporting they didn't receive any notice from you about tomorrow's meeting.

How did you let the membership know?

 I'm a member-got nothing. Neither did Ashley.

Amanda Orlando

 I recognize that Clayton is pushing hard but how are you holding a meeting with notifying the membership?

Amanda Orlando

 To be clear. I told John I wasn't going to attend but I and others should have gotten notice or it's not a legit meeting. No one on the normal side of the committee got notice.

J The Gloucester House 10am, I'll be calling in to oversee

Not to mention what if there was someone else that wanted to put their name in the ring/run as chair? I know people didn't get

Not to mention what if there was someone else that wanted to put their hat in the ring/run as chair? I know people didn't get notice because I got a call from a committee member who was followed around by an angry Cynthia just yesterday... and she hadn't received notice either for example.

Amanda Orlando

A Yes but did letters or emails go to the membership?

John Milligan

J That's the meeting tomorrow to ratify the committee

Amanda Orlando

A Ok. But no one got notice of the meeting so it's an issue.

Dianne Eason 7:37 AM to me

Hi honey. HOW did this happen??? None of us were notified of this meeting!?!?

I have no idea. That's weird. I'm confused too.

Reply Forward

Neither Ashley nor I care that Clayton ended up chair but members received zero notice and you are all ignoring me.

At this point Ashley and I know for certain that the following members received no notice of 4/13 meeting; Ashley, Caoin, me, Russell, Joe, Nancy and Peter Favazza, Doug Parsons, Linda, Dianne. That's 11 people so far.

On our zoom we all agreed to how it would work. Not only did you fail to follow our agreed plan and make us look stupid to the normal people who believed us, but you ran a meeting without following any bylaws of notice of how to do so.

A

Also, Dianne Eason, Rick Roberts Jr. (School Committee candidate) and on and on and on. It doesnt hurt us. Just the party and you guys. By the way, there were 20 committee members there. That's only half of our committee. You completely disregarded half of the committee and installed Clayton.

McCarthy as well.
